2	SIGMA COMPONENTS HOLDINGS -LBO MODEL							
3	Illustrative secondary buyout · Anchored on FactSet Private Company + Companies House (CRN 10010945)							
4	Prepared by A. Kumbhar · For discussion only · NOT a deal indication							
5								
6	ASSUMPTIONS & KEY CAVEATS							
7	• Screening model. Entry anchors now sourced from FactSet Private Company + Companies House.							
8	• Every input is colour-coded and tagged.							
9	• VERIFIED (green) = traced to FactSet Private Company or Companies House FY May 2025.							
10	• CALCULABLE (blue) = derived by formula from verified inputs.							
11	• ASSUMPTION (amber) = modelling choice, returns rests on these							
12	• FLAGGED (purple) = not yet fully sourced -confirm before relying on it.							
13	• Biggest swing factor remains the preference settlement haircut -a pure assumption.							
14
